

GRANITE KITCHEN SINKS

(mini catalogue)

***Shock & Heat Resistant**

***Easy Cleaning**

***Hygienic Surface**

***Scratch Resistance**

Our sinks are made with composite materials. Manufactured with 80% quartz sand and 20% polyester resin, quartz-granite kitchen sinks have a granit-marble look. We use high quality raw materials from German manufacturers in the production of kitchen sinks. Silver based antibacterial ingredient prevents bacteria from spreading on the surfaces of kitchen sinks
